FURTHER ISSUES

The Issuer may from time to time without the consent of the Noteholders create and issue further securities (the "Fungible Notes") having in all respects the same terms and conditions as the Notes (or in all respects except for the initial payments of interest) so that the Fungible Notes shall be consolidated and form a single series with the outstanding Notes of this Series; provided, however, that (a) such Fungible Notes are, for purposes of U.S. federal income taxation (regardless of whether any holders of Fungible Notes are subject to the U.S. federal income tax laws), either (i) not issued with original issue discount or are issued with a *de minimis* amount of original issue discount as defined in U.S. Treasury Regulations Section 1.1273-1(d), or (ii) issued in a "qualified reopening" or are otherwise considered part of the same issue for U.S. federal tax purposes, (b) the consolidation of the Fungible Notes into a single series with the outstanding Notes would not cause the holders of the Notes to become subject to any certification requirements or information reporting to which they would not be subject absent such consolidation, and (c) in the case of Subordinated Notes, the Fungible Notes meet the requirements of APRA to be eligible to be treated as Tier 2 Capital (as defined in Condition 10A.16).
